

Dear sisters and brothers,

Collect

O God, who through the grace of adoption chose us to be children of light, grant, we pray, that we may not be wrapped in the darkness of error but always be seen to stand in the bright light of truth. This prayer is from the ancient Ambrosian Rite in Milan. We are God's children called to live in the light. It evokes the great acts of God: creation, the incarnation, the resurrection, the sending of the Spirit and baptism. To forget our identity as God's children is to be enveloped by darkness, loss of direction and of hope.

Readings

The **First Reading** (Wis 1:13-15; 2:23-24) insists that all human beings have been created to share eternal life with God. Death does not come from God but from the envy of a fallen angel who tricks human people into sin thereby making them subject to mortality. God's will is to share eternal life with human beings. By raising Jesus from the dead God shows that physical death does not have the last word. In the Gospel we have two miracle stories about women. In the first Jesus brings Jairus's daughter back to life.

The second story concerns the woman with a haemorrhage who due to her physical condition is ritually unclean and thereby socially excluded. With faith and hope she touches the clothing of Jesus who feels power go out from him. Amid the jostling crowds he asks who touched him. She is already healed but Jesus wants to make this public so that she can be restored to her family and community. He takes away her shame.

Paul's appeal for generosity in the Second Reading (2 Corinthians 8:7,9, 13-15) contains a beautiful reflection on the Incarnation of Christ in terms of richness and poverty. Jesus is God's supreme gift and we are urged to imitate his generosity in our giving. Jesus' action in bringing renewed life to Jairus' daughter and the woman with the haemorrhage is pure gratuitous gift. How can we be gift to others?

Inclusive Language in the Liturgy

The Australian Catholic Bishops Commission for Liturgy this month released a Statement of Principles: Language and the Liturgy. The major conclusions are:

- Inclusive language in the Church's liturgy is essential. Our words: demonstrate respect for the dignity of each person as a child of God; ensure that each person hears the texts as being addressed to them; and facilitate the full, conscious and active participation of all those gathered.
- Consequently, all new and revised liturgical books need to use accurate and inclusive language, though the processes of approval of liturgical books must be respected.
- Inclusive language is always to be used in general intercessions, in preaching, and in introductory remarks.

PLANNED GIVING PROGRAM 2024-2025 commences next weekend 7 July

THANK YOU to those who have collected their envelopes - still a few more boxes in the foyer awaiting contributor collection

MANY THANKS to all who have joined this important parish program and also those who have responded by increasing their contributions.

► **Green pledge cards** are always available in the foyer for those who wish to join the program, now or later down the track.

Note: Direct debit, direct bank transfer options are also possible - please contact Darren or Billie at the office for more information.

Church Heating

The under-floor heating system is 'on' and being maintained at a level that takes the chill out of the icy winter air. Even with our solar panels operating, the system is expensive to run. We estimated a cost of \$60 per day of operation. Over a 3 months period in this winter, this will equate to around \$5,400.00. We thank you, sincerely for your support, and continue to appreciate your contributions to our parish.

VINNIES WINTER APPEAL

St Vincent de Paul Society
good works

Thank you to all our generous supporters last weekend. The Winter Appeal has had a good start and any contributions via the envelopes in the foyer are still

welcomed - just place these envelopes in either of the collection bags at our weekend Masses. God bless.

Come and join our **Thursday Origami group (9.30am)** and add to these many interesting and diverse creations.

Origami is a very relaxing activity, and that relaxation is very good medicine. Physically, as our hands become active, tactile, motor and visual areas of the brain are stimulated which soothes us, and helps us rest mentally and physically.
